KIDSPHONICS — APPLICATION FLOWCHART

Current application source • Version 1.0.37+38 • 26 October 2026

Home activities: Lessons / Quick Check / Games Bottom navigation: Home / Progress / Parents / Settings

GLOBAL DAILY-TIME-LIMIT GUARD — CAN COVER ANY SCREEN

When the limit is reached
Pause covered screen
→ Parent Unlock
Set up / verify Parent PIN
→ Parent grants more time
10 / 15 / 30 min or allow today
→ Resume the
covered screen

Incorrect PIN or cancelled unlock: remain blocked. Exit closes the app. Parent authentication follows the same setup / unlock rules.

CONNECTORS: A = Home / navigation B = Quick Check letter selection C = Lessons selection

Double-bordered box = summarized subprocess. Diamond = decision. Matching lettered circles join the flow without long crossing arrows.

Lesson practice is separate from mastery. Progress and preferences are saved on-device; failed writes show Retry. This is the application flow.
